**Subject:** Need to Cancel Open House Due to Lack of a Federal Spending Bill

Hello Carla:

I am sorry to reach out to you so late, but we have just been advised that, because Congress has not yet approved the spending bill to keep the federal government open past midnight tonight, we must cancel the Open House. Without a spending bill, it would be illegal for us to go ahead with the public meeting. EPA senior management decided to cancel now so we would have time to notify staff and the public well in advance of the meeting.

I apologize for the late notice, but I just received the information. (I tried to reach you at the City's Law Department, and left you a voice mail asking you to call me.)

To ensure that this information is getting to the City, I have taken the liberty of copying Mr. Crowley and his associates.

Thank you.

Chris
